Art Retreats, Art Lessons, Artist Residency & Representation

"Terracana Ranch Resort offers the perfect creative setting along with a unique perspective on life. Socializing with guests from all over the world and all walks of life I'm fascinated by how each individual's perception of things can be so drastically altered by their experiences in life. My paintings have evolved in recent months into an expression of the human condition, I'm excited to have brought more emotion and depth to the canvas. The experience of living in the Robson Valley has added so much value to my life. I am thrilled to have the opportunity to work with other artists and share everything that Terracana has to offer"

Lisa wants to give something back to local communities Not long after arriving, Lisa developed a passion for helping the people here struggle for economy. There are over 70 artisans in the Robson Valley, Lisa's hosting www.rockymountainarttour.com to attract the millions of tourists visiting Jasper only 1 hour away.
